We do not have responsibility with missing file of this book.

Be a fashion designer and create the wardrobe of your dreams Fashion sketchbook: This fashion design sketch book tool was especially created for aspiring fashion design specialists who love to sketch clothes but don't have the skills (or the patience!) to draw proportional figures. This fashion design book is filled with 420 figure templates or croquis in 20 different fashion-forward poses.

Croquis - It rhymes with "hokey": A croquis is every fashion design specialist's secret weapon, and it can be yours with The Fashion Sketchpad. Designers, both aspiring and established, sketch over croquis figures to ensure their creations are proportional on the first try. Working with a croquis provides a rapid-fire way to present your ideas to fashion design colleagues, admissions committees, or potential employers in a polished, professional format.

The ultimate fashion design sketch book: Printed in a specially formulated Pantone color, the figures disappear from view when photocopied or scanned, eliminating the need to fuss with light boxes or tracing paper. An illustrated garment glossary showing the distinguishing details between a caftan, a sheath, a maxi, and so on - plus additional resources - help fashion design rookies create the wardrobes of their dreams.

If you're a fan of The Curated Closet or Aimee Song's Capture Your Style, you'll love The Fashion Sketchpad.

Happy designing! We can't wait to see what you come up with.
