The latest of the essential books (released in August 1996). This book is the follow-up to the "Beatles Outtakes" book - it covers the Beatles' solo careers, starting from the late 60s. The book has separate sections for each of the Fab Four. There, one can find every bootlegged concert (including setlist), studio outtake, TV or radio appearance or home recording, all arranged chronologically within their chapter.

Each track again gets assigned a unique reference number (based on the recording date), just like in "Beatles Outtakes" or "Drugs, Divorce and a Slipping Image". The structure of the book is the same as with the "Beatles Outtakes". It ends with listing (separately for each Beatle) a "Core Collection" (of the best sounding sources) and a huge song index for convenient access.
