798 is the new artist's colony on the outskirts of Beijing. The site is a former munitions factory that some of the most talented and fresh artists have adopted as their home, creating one of the most unique places in the city of Beijing to visit. It is raw, gritty, filled with food and music and art. Do not be surprised if you hear a band or bands practicing as you are enjoying a quiet meal in the middle of 798. It is the premier artist colony in Beijing, where you can see some of the best independent artists in Beijing.
